ENERGYUNITED MAKES PRESENTATION TO SPORTS CAMP WINNER

STATESVILLE, N.C.

On Tuesday, September 1, 2015, EnergyUnited presented, in front of the Davie County School Board, a certificate of honor to Courtney Neely of South Davie Middle School. Courtney was one of the winners who attended the Wolfpack Women's Basketball Camp at N.C. State University on June 14-17 on a full scholarship from EnergyUnited. Courtney was selected by a panel of judges based on her essay "What Basketball Means to Me."

These scholarships, sponsored by North Carolina's Touchstone Energy cooperative, provide funding for more than 50 middle-school students from across North Carolina to attend basketball camp. This is the 12th year the cooperatives have awarded young women scholarships to attend an N.C. State women's basketball camp and the 10th year the co-ops have sent young men to the UNC Roy Williams camp.

At the overnight camps, the students worked directly with coaches, coaching staff and players to perfect their basketball skills. Coaches at both camps also worked closely with each camper to develop fundamental basketball skills, confidence and team building. Courtney is very excited and thankful for this opportunity!

About EnergyUnited

EnergyUnited is the largest electric cooperative in North Carolina and one of the largest in the United States. Headquartered in Statesville, EnergyUnited provides electric service in portions of nineteen counties in west central North Carolina. Counties in the service area include Alexander, Cabarrus, Caldwell, Catawba, Davidson, Davie, Forsyth, Gaston, Guilford, Iredell, Lincoln, Mecklenburg, Montgomery, Randolph, Rockingham, Rowan, Stokes, Wilkes and Yadkin. Today, the cooperative serves more than a quarter million people through 124,000 customer metering points and provides for a peak electric demand of more than 735,000 KW.

EnergyUnited also provides propane to more than 25,000 customers in 74 North and South Carolina counties and offers other specialized residential and commercial products and services. Visit EnergyUnited online at www.energyunited.com.
