THANK A LINEMAN ON APRIL 11 - NATIONAL LINEMAN APPRECIATION DAY

STATESVILLE, N.C.

America's electric cooperatives have designated the second Monday of April as National Lineman Appreciation Day. On April 11, 2016, EnergyUnited will honor the dedicated men who often work in challenging conditions to keep the lights on. We proudly recognize all electric linemen for the services they perform around the clock in dangerous conditions to keep power flowing and protect the public's safety.

"Our linemen are the first responders of our electric distribution system, and they work around the clock on high-voltage lines," said Wayne Wilkins, chief executive officer for EnergyUnited. "Conditions can be dangerous, but they power through safely to ensure reliable service for our members."

To honor these brave men, EnergyUnited will be hosting a breakfast for its linemen in each of the cooperatives' regions to show appreciation and support for the outstanding work the linemen do each day. They will also each receive a small gift as a remembrance of their dedication and commitment to providing safe, reliable energy to its members in the communities they serve throughout North Carolina.

EnergyUnited invites cooperative members to take a moment to thank a lineman for the work they do. Join us on Facebook (www.facebook.com/EnergyUnited) and Twitter (@EnergyUnitedEMC) anytime the week of April 11-15 and use #ThankaLineman to show your support for the men who light our lives all month long.

About EnergyUnited

EnergyUnited EMC is the largest electric cooperative in North Carolina serving over 124,000 metering points. Headquartered in Statesville, EnergyUnited provides electric service in portions of nineteen counties in west central North Carolina which include Alexander, Cabarrus, Caldwell, Catawba, Davidson, Davie, Forsyth, Gaston, Guilford, Iredell, Lincoln, Mecklenburg, Montgomery, Randolph, Rockingham, Rowan, Stokes, Wilkes and Yadkin.

EnergyUnited Propane provides products and services to more than 25,000 residential, commercial and industrial customers in 74 counties across North and South Carolina. Visit EnergyUnited online at www.energyunited.com to learn more about our electric and propane businesses.
