ENERGYUNITED RESPONDS TO SEVERE WEATHER OUTAGES

STATESVILLE, N.C. –
Severe storms moved across North Carolina late Friday evening leaving nearly 10,000 EnergyUnited members without power. As a result of Friday’s weather event, we brought in crews from seven other neighboring cooperatives to assist in the restoration of power to our members. As always, providing safe reliable energy to our members is our priority and to restore power as quickly as possible when outages occur, as we anticipate having power restored for all members by Sunday afternoon. We will continue working as quickly as we can to safely restore power to all our members. We appreciate your patience.

If you need to report an outage, please call 1-800-386-4833 using our automated system, login to our EnergyUnited Account App or visit our website outage page at https://outageinfo.energyunited.com. You can also follow us on Twitter at www.twitter.com/EnergyUnitedEMC and Facebook at www.facebook.com/EnergyUnited.

About EnergyUnited: EnergyUnited Electric Membership Cooperative (EMC) is the largest electric cooperative in North Carolina serving nearly 105,000 consumer-members through 124,000 metering points.
