Name of college or university you plan/hope to attend \_\_\_\_\_

Have you been accepted? \_\_\_\_ yes \_\_\_\_ no \_\_\_\_ still waiting \_\_\_\_

Area of study: \_\_\_\_\_

## ENERGYUNITED STUDENT SCHOLARSHIP PROGRAM

**Eligibility:** Open to high school students in our 19 county service area who are planning to attend a college, university or technical school during the 2018-19 school year.

To be eligible, students must:

- Live in an EnergyUnited service area in one of the 19 counties we serve.
- Provide two letters of recommendation from your school staff (ex: teacher, coach, principal, or another staff member of your choice).
- Complete application and submit with student resume. Student resume should include any awards or honors received, any school organizations, athletics, community organizations you are involved with and any volunteering you do. If you have work experience, please list.
- As part of the application, you are required to answer two questions—see below. Each essay/response should be no longer than 500 words. Please include your first & last name along with your school name on the top right hand corner of the essay.
  - In the future, your country will demand more energy as technology develops. As a young leader, please explain how technology will significantly change the way we consume energy over the next 5-10 years.
  - Commitment to Community is very important to EnergyUnited as we are a member-owned electric cooperative and believe in giving back to the communities we serve. Please describe your commitment to your community. Share things you do, how you 'give back' or volunteer in your community.

Students can either email or mail their completed application form and questions to:

EnergyUnited  
Attn: Maureen Moore  
Communications Manager  
P.O. Box 1831  
Statesville, NC 28687-1831
