2017 BOARD OF DIRECTORS NOMINEES

vote

for the future of your cooperative

One of the many benefits of cooperative membership is the opportunity to choose your cooperative's leadership. The board of directors you elect has the final say on all major decisions made by your cooperative, from setting policies to determining the rates we charge for electricity.

The nominees shown here live and work in the district that they will represent. Their involvement in our communities and their connection to our cooperative helps them make decisions that are in the best interest of all members. It's important for members to vote in the election as we are required to meet the minimum threshold of our membership vote to validate the election.

No matter how much or how little energy you consume, you have an equal vote in this important election.

HOW CAN I VOTE?

1 Electronically at directvote.net/euec

OR

2 Hard copy ballot via U.S. Mail.

WHEN CAN I VOTE?

This year's board of directors election campaign will open on August 1, 2017 and run through 11:59 p.m. EST, September 15, 2017.
