ENERGYUNITED FOUNDATION AWARDS \$6,500 GRANT TO G4G MINISTRIES

STATESVILLE, N.C. – The EnergyUnited Foundation is pleased to announce it has awarded a grant for \$6,507 to G4G (Grill for God) Ministries, a faith-based, non-profit organization that helps combat food insecurity with their mobile grilling unit and spiritual ministry.

G4G was founded in 2008 after a group of employees from Holland Transfer Company in Statesville volunteered to cook and serve food at a local shelter. During the event, one resident expressed his surprise and gratitude that the employees had decided to spend their time at the shelter, noting that he didn't think anyone cared about the people there.

That was the day that it became clear that there was an urgent need to feed and encourage the less fortunate, and so G4G Ministries was formed.

“We are so thankful to receive this grant from The EnergyUnited Foundation,” said Elisa Connolly, executive director for G4G Ministries. “We rely heavily on community support in order to serve hot meals to needy families who are battling food insecurity, and many serious spiritual challenges.”

Commitment to community is a principle deeply embedded in EnergyUnited's roots as a not-for-profit electric cooperative. The work of The EnergyUnited Foundation serves as a perfect illustration of this key cooperative principle.

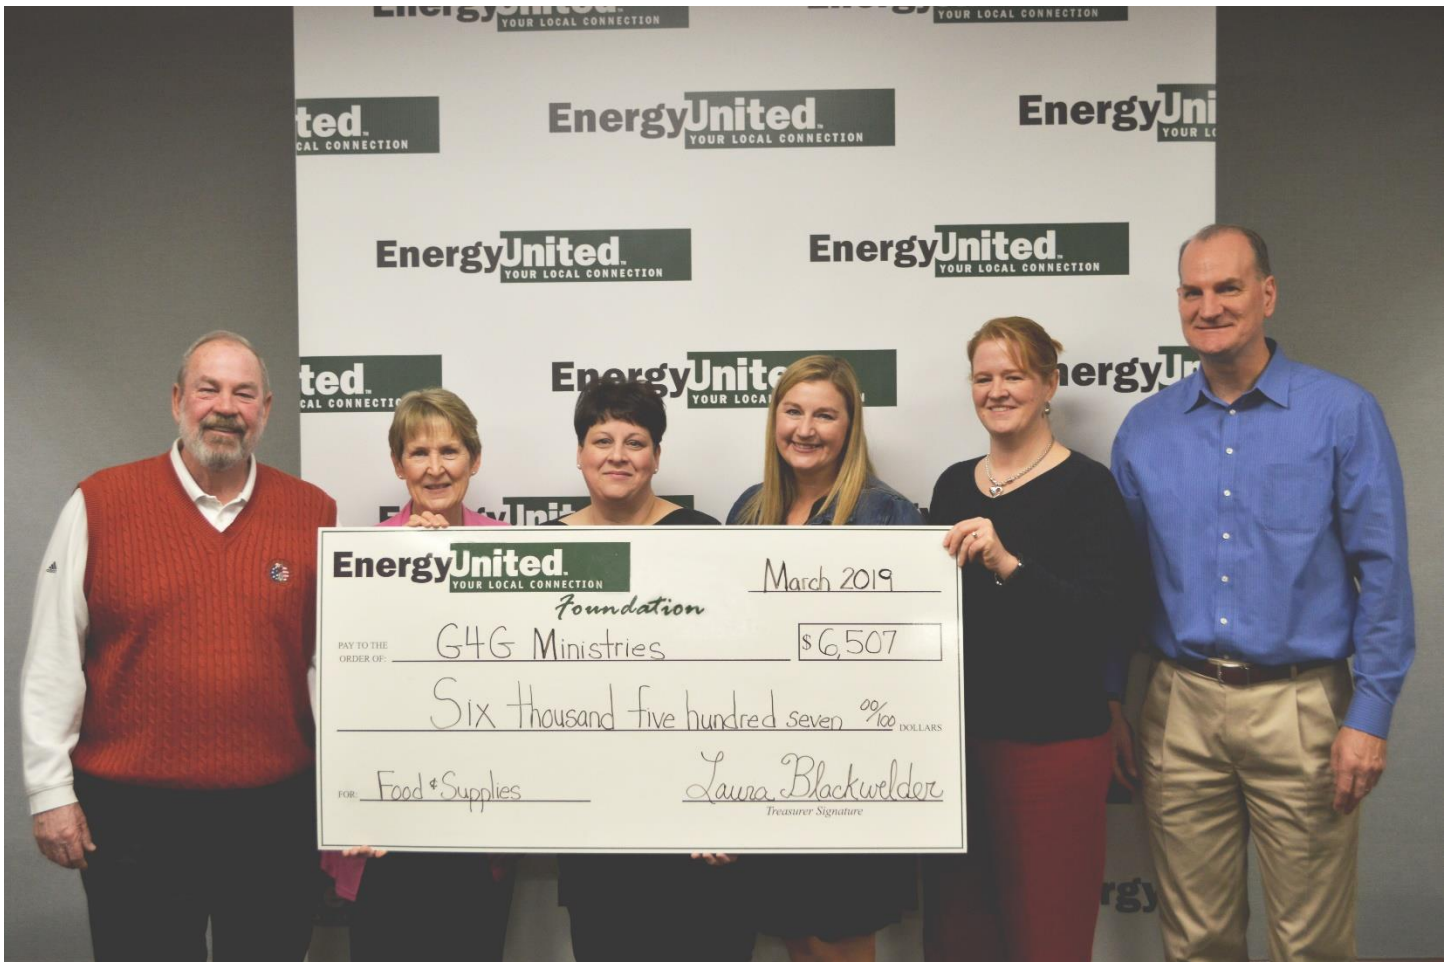

“G4G Ministries is meeting a critical need that sometimes goes unnoticed in other communities,” said Debra Citta, EnergyUnited Foundation Administrator. “Their commitment to serving the underprivileged is a great reflection of the purpose of this foundation.”

The EnergyUnited Foundation is a voluntary, member-funded non-profit organization supported by EnergyUnited's Operation Round-Up program. Nearly 70,000 EnergyUnited members choose to participate in the program by 'rounding up' their electric bills each month. The maximum monthly contribution for an individual member with one account is 99 cents. Each of these small contributions are pooled together in a single fund managed by the EnergyUnited Foundation to support needy individuals, families, and non-profit organizations like G4G Ministries that complete an application explaining the reason and purpose for their requested grant.
